Classes attached to the Maharaja's Sanscrit College at Mysore.

In the P.W.D. it is now represented by the Dr. C. that as the grant of Scholarships has to depend upon the results of the examinations the sanctions accorded in the G.O. read & referred to above, cannot be strictly adhered to, and has recommended that the College Committee be empowered to allocate the Scholarships amount according to the needs of each year subject to the conditions that the scales fixed are adhered to and the total expenditure is not allowed to exceed Rs 2040/- per annum.

Submitted for orders. The previous orders were passed as per orders at para 42 of Mysg 28/29. p. 30 with reference to the allotment of 31-32. Whether the excess over Rs 1600/- can be met from other heads and what the actual amount required will be is also not clear. [redacted] As the budget year is nearing its close, a specific statement about Scholarships due as calculated on the rates sanctioned and in respect of Scholars recommended by the Committee may perhaps be got for the session of Govt with proposals as to how the excess over Rs 1600/- if the amount exceeds it is proposed to be met. For Same will have to be got every year as the grant will depend on the conditions fixed. Mysg 28/29

SIR,

Adverting to Government order No. 32-4/Muz.31-32-5 dated 4/5th November 1931 fixing the number of scholarships to be given to students of the various classes in the Sanskrit College, Mysore, I have the honour to state that the results of the annual examinations held in October last for the grant of scholarships have enlarged as the grant of scholarships depends upon the results of the examinations, all the selected students being awarded the scholarships. Fresh sanction of Government is therefore necessary for the grant of scholarships in the altered circumstances. The Board of Trustees of the above held on 23rd December 1931 have resolved (Vide Resolution No. IV, that in view of the alteration of classes from the present, the committee may be allowed to allocate the total number of scholarships in the allowed strength of the scale fixed by the Government under advertence.

2. As the number of classes will be subject to alteration changing from year to year as per results of annual examinations and it would be difficult to obtain fresh sanction every year for the grant of scholarships, I request that orders of Government may kindly be obtained empowering the Committee to allocate the scholarships between the different classes, the number in each section being dependent on the results of the annual [illegible]
